

15M PREMIUM BATTERY ELECTRIC COACH

YUTONG T15E

Long driving range

Efficient permanent magnet synchronous motor, the latest generation of BMS (battery management system), to ensure an impressive driving range of 550 km(under C-WCVT conditions).

Large space

The 8.5m³ super-large luggage compartment can accommodate 122 20-inch suitcases to meet different operational requirements.

Control safety

A unique Buseye Pro system is available which can realize six functions including forward collision warning, lane departure warning, etc. to provide a safe and sound trip.

A JOURNEY OF COMFORT AND CONTENTMENT

Styling beauty

A Busworld Design Award winner. Sleek lines melt into the front face which resembles a smiling face, making the vehicle distinctive in its own way.

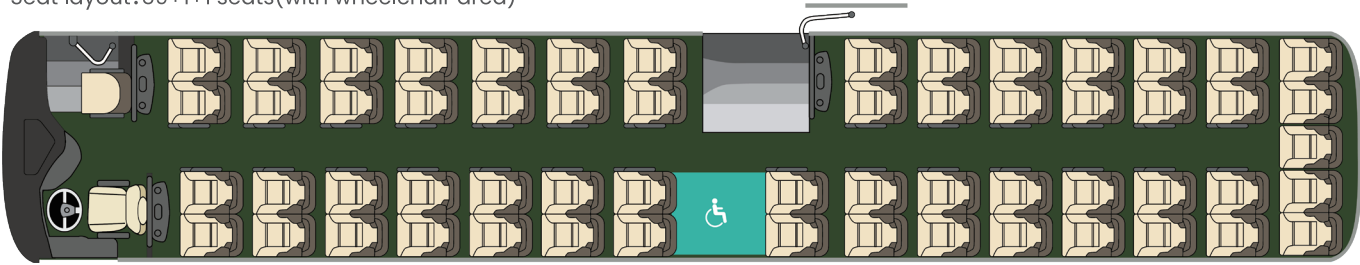

Cozy riding

Ergonomic passenger seat brings comfort experience. The coach is equipped with air conditioner which has a remote-control mode for A/C control at your will. The A/C can be turned on in advance before you get aboard. A+C charging port is also provided for mobile device.

Easy control

Layout of the driving control area is reasonably arranged. All buttons are placed within easy reach for easy control. The air suspension driver's seat features eight-point airbag massage, seat ventilation, heating and other functions for effective relieve of driver fatigue.

Seat layout: 59+1+1 seats(with wheelchair area)
